Moringa Herbs Specialized Supplier

MORINGA; “The Miracle Tree”

Moringa, often called the "miracle tree," is renowned for its incredible health benefits and nutritional value. Native to parts of Africa and Asia, this resilient plant has been used for centuries in traditional medicine and as a vital food source.

Nutrient-Rich Superfood

One of the most impressive aspects of moringa is its nutrient profile. The leaves are packed with vitamins, minerals, and antioxidants, making them a potent addition to any diet. Moringa leaves contain seven times more vitamin C than oranges, four times more calcium than milk, and three times more potassium than bananas. They are also an excellent source of protein, iron, and amino acids, which are essential for muscle growth and repair.

Production Process

- **100% Organic farming:** 100% Organic Moringa cultivation. Certified by CERES & USDA.
- **4 hours maximum post harvest:** Leaves are subjected to secondary processing within four hours after harvesting. This step prevents leaves from rotting and fermentation.
- **Leaves sortation process:** Leaves are stripped from petiole and carefully sorted to get rid of unacceptable ones. For quicker drying, you can use a dehydrator or an oven set to a low temperature.
- **Ozonate washed & drained:** Sorted leaves are washed with ozonated water and drained.
- **Controlled drying:** Drying of leaves is done in temperatures between 30-35 C for 24 hours using special dryers machine.
- **Machine:** Powdered using a stainless-steel disc mill machine.
- **Pyramid infusion packaging:** We packed the dried leaves in a food grade pyramid infuser that will give room for dried leaves to release it's essential taste

Our Exceptional Moringa Products

Benefits of Moringa

- **Improves Digestion:** Its high fiber content supports digestive health and can help prevent constipation.
- **Enhances Skin Health:** Moringa's vitamins and antioxidants contribute to healthy skin by fighting free radicals and promoting collagen production.
- **Supports Heart Health:** Moringa may help lower cholesterol levels and improve cardiovascular health.
- **Boosts Energy Levels:** The nutrient-dense profile of moringa can help increase energy levels and reduce fatigue.

A Lot of Benefits

Royal Moringa

The First Organic Moringa Leaf Flour in Indonesia

Royal Moringa is very rich in benefits and nutrients so it is nicknamed as a Superfood that can improve health quality.

- ❖ A food source rich in vitamins and minerals that is affordable and easy to consume.
- ❖ **Reduces inflammation because it has anti-inflammatory substances.**
- ❖ A strong free radical scavenger.
- ❖ **Improves digestive function.**
- ❖ Supports weight loss.
- ❖ **Cleanses and detoxifies the body.**
- ❖ Strengthens the immune system.
- ❖ **Normalizes and regulates cholesterol levels.**
- ❖ Helps maintain heart health and improves circulation
- ❖ **Optimizes athletic performance and recovery**

The Moringa plant itself has many rare natural benefits because not all plants have them.

- ❖ It has 90+ phytonutrients including 47 antioxidants and 36 anti-inflammatory compounds.
- ❖ It has a natural form of Glutathione "the main antioxidant and detox", including cysteine (a substance rarely found in vegetable protein) folate, and selenium.
- ❖ Thousands of times more zeatin which is a powerful anti-aging nutrient compared to other known plants.
- ❖ It has antibiotic substances including Pterygospermin which has good anti-microbial and fungicide properties.
- ❖ Contains Niaziminin, a tochemical that has been shown to have strong anti-cancer activity in animal studies.
- ❖ It has beta-sitosterol tochemical which functions to reduce excess cholesterol in the blood.
